United Way of Pitt County knows that people like you really want to make a difference in our community. You want to help others. And we want to be your partner.

Our experience tells us that the best way to help the most people is to focus on the root causes of the most serious problems. It takes the whole community – working together – to pull it off.

So we bring together people from all across the community – people from government, business, faith groups, nonprofits and ordinary citizens – to tackle the issues that matter most. If it requires fundraising, going to Congress or just getting people to work together, that’s what we do.

United Way of Pitt County is focused on the bottom-line results: the lives we change and the communities we shape. We know that is what matters to you.
